

ASHKAN H.

GROWTH MARKETING EXPERT

PORTFOLIO

Crafting Stories, Designing Impact

Hello, I'm Ashkan

A Marketing Expert with a Passion for Visual Storytelling

From campaigns to content, I've spent my career translating complex ideas into strategies that inspire and engage audiences.

What I Bring to the Table

Core Strengths & Expertise

I specialize in crafting creative strategies that turn **insights** into **compelling campaigns**, blending content strategy with performance marketing to drive meaningful engagement. My experience spans **brand development**, **storytelling**, and **AI-driven marketing solutions**, ensuring a seamless blend of creativity and data to achieve impactful results.

Core Skills:

- **Creative Strategy:** Turning insights into actionable ideas
- **Content Strategy:** Crafting narratives that engage and convert
- **Performance Marketing:** Data-driven decisions to maximize impact

My Approach to Creative Problem-Solving

My approach centers on a thorough **understanding of businesses and their customers**, allowing me to leverage the right marketing tools in the most effective way. I blend my deep understanding of **human behavior** with **data-driven insights** to craft strategic solutions. I believe creating a balance between **strategy and creativity** is the key to success for any communication campaign.

- **Understand** – Deep dive into brand insights & audience needs
- **Strategize** – Build a tailored, data-driven roadmap
- **Create** – Transform ideas into compelling visual stories
- **Optimize** – Analyze and iterate for continuous improvement

Portfolio Highlights – My Work in Action

Communication Strategy & Campaign Design

RankUp Go-To-Market Campaign

– (Product Marketing | Creative Strategy)

Project Overview:

The RankUp launch campaign aimed to introduce the platform to both casual and professional users.

The go-to-market strategy focused on full digital setup, content production, and performance campaigns across Google, Meta, TikTok, and YouTube.

My Role:

Led strategy, creative direction, campaign setup, and funnel optimization, including landing pages and email flows.

Results:

60% lower cost-per-conversion | 22.5% conversion rate | 12.5% CTR

Miele Referral Campaign

– (Digital Marketing | Creative Strategy)

Project Overview:

The campaign aimed to boost Miele's holiday sales while maintaining its premium brand positioning. The challenge was to create an engaging sales promotion that encouraged customer participation without compromising the brand's exclusivity.

My Role:

I developed a targeted referral program, offering exclusive deals to customers who shared the campaign with their network. Personalized messages and a dedicated landing page streamlined the user experience, ensuring a seamless and exclusive experience.

Results:

The campaign grew Miele's database by 2,500, 500 offers were redeemed, and store footfall doubled.

BIODERMA Digital Campaign

– (In-depth Analysis)

Project Overview:

The campaign aimed to strengthen BIODERMA's brand presence and connect with young, health-conscious women by emphasizing the link between skincare and overall health. The objective was to increase awareness, educate consumers, and drive engagement.

My Role:

A three-phase strategy was executed, featuring influencer collaborations, educational content, and an interactive landing page offering personalized skincare insights and expert advice.

Results:

The campaign increased brand visibility, boosted audience engagement across digital platforms, and strengthened BIODERMA's reputation as a trusted skincare brand.

Samar Charity Viral Campaign

– (Shortlisted of New York Ad Awards 2019)

Project Overview:

The Samar Charity Foundation aimed to increase donations and raise awareness to support cancer patients. The goal was to increase public engagement and encourage frequent contributions..

My Role:

An interactive billboard featuring removable cards symbolized the impact of small contributions, complemented by a viral social media video to maximize reach and engagement.

Results:

The video went viral, resulting in a surge of donations and significantly increasing awareness for the foundation.

Danone's Light Blue Waters

– Product Launch Campaign

Project Overview:

I led the creative strategy for the Light Blue Waters product launch, a premium brand from Danone Waters. The campaign involved sponsoring an art fair, where we organized a digital art competition that attracted over 200 submissions. Winners were announced on Instagram, creating strong audience engagement. I also produced a engaging video to introduce the new 1.5 and 0.5-liter SKUs, highlighting the brand's premium quality and versatility.

Results:

The campaign increased brand awareness, connected with the art community, and successfully launched the new SKUs.

Social Media Campaign

– for a FMCG Company

Project Overview:

For Roshd Food Industries' holyday campaign, the focus was on promoting cake powders by highlighting their connection to traditional festive desserts. A collaboration with 13 influencers resulted in engaging video recipes that showcased the products in culturally relevant ways. To sustain interest and anticipation leading up to the event, the campaign leveraged Instagram Stories and influencer content, ensuring consistent audience engagement.

Results:

The campaign reached 700K+ people, generated 1.19 million impressions, and increased followers by 1198%, making it a huge success.

Mobile App Launch Campaign

– Product Launch Campaign

Project Overview:

For a bank's mobile app launch campaign, the focus was on promoting its digital wallet and QR code payment features. The strategy targeted early tech adopters through a combination of content marketing efforts, including a main promotional video, engaging “City Tour” videos showcasing real-life app usage, and a series of educational videos. To drive app installs, the digital advertising approach incorporated targeted ads and retargeting strategies.

Results:

The campaign significantly increased app awareness, boosted downloads, and demonstrated the app's practical integration into everyday routines.

AI-Powered Content Production

Building Automated Workflows That Scale Creative Output

The Content Factory

Automated Creative Pipeline

Project Overview:

I designed and built a fully automated content pipeline that takes raw product images and a brief / reference images, then outputs branded visuals, slogans, captions, and finished artwork ready for social. The system combines AI image generation with strategic direction, turning a process that once took days into one that runs in a fraction of the time.

The Workflow

The Output:

Complete, platform-ready campaign sets from a single product shot and brief.

Writing and Editorial Content

Writing & Editorial Content

– (Thought Leadership | Digital Storytelling)

Project Overview:

A growing collection of SEO-focused blog posts designed to build organic visibility around AI, digital marketing, and technology trends.

Each article turns timely topics into clear, useful content that can attract relevant audiences through search and strengthen long-term website authority.

My Role:

Researching topics, identifying search-led content opportunities, writing articles, and creating supporting visuals for publication.

Content Focus:

AI in Marketing · Digital Trends · Marketing Strategy · Technology Insights

Website Design
(E-commerce Build)

Savi Art Studio E-commerce Website

– (Website Design | E-commerce Build)

Project Overview:

Savi Art Studio is a Nordic handmade accessories brand, offering clay charms, earrings, and small lifestyle pieces.

The goal was to build a clear, brand-led e-commerce website that presents handmade products beautifully and makes browsing and shopping simple..

My Role:

Led the website design and build—from page structure and visual direction to WordPress/WooCommerce setup, product pages, navigation, and website content.

Created a bilingual experience in English and Finnish to serve both international and local customers.

Key Deliverables:

Website Design · WordPress / WooCommerce Build · Product Page Design ·
Mobile Experience · EN / FI Language Setup · Product Content

RankUp Website Redesign & Rebrand – (SaaS Website Design | Digital Experience)

Project Overview:

RankUp needed a stronger digital presence to support its evolving platform, features, and pricing model.

The project combined a new brand identity with a responsive, content-rich website designed to clearly communicate the product and improve the user experience.

My Role:

Led the website redesign and rebranding direction, shaping the visual system, page structure, and website content across desktop and mobile.

Created a 15-page experience with light and dark modes to support accessibility and user preference.

Content Focus:

Brand Identity · Website Design · 15-Page Responsive Website ·
Desktop & Mobile UI · Light / Dark Modes · Website Content
